Celandine consists of Carys, Rosemary, and a guitar (unnamed). Both classically-trained vocalists, Carys discovered folk and folkrock after being dragged to a Fairport convention gig back in 1996... ... Rosemary advertised for someone to sing folk songs with in late 2010, and didn't realise what she was letting herself in for until it was much too late. They perform their own arrangements of traditional folk songs, originals (mostly written by Carys) and a few covers.
