PART B

PUBLIC TRANSPORT REP'S REPORT APRIL 2026

BUS

- ECC has published the decisions on their 2025/6 'Love Your Bus' grants. As anticipated they do not include anything for improving urban commercial services.

- The Stansted X20 service has a completely revised timetable on weekdays from 13th April.

TRAIN

- Transport East gave publicity in March to their report on the Colchester - Clacton / Walton corridor, which a wider review of services in East Anglia had concluded was the poorest service in the region compared to potential demand, but could be enhanced with a Clacton - Colchester Town stopping service each hour, without any infrastructural improvements being required. This of course is exactly what I put forward in my 2019 report sent to GA as part of the Tendring rail group and WTC evidence to the then timetable review exercise, which GA management refused to read (and the timetable review was abandoned anyway because of covid). I have now sent a copy of it to the ECC councillor who represents Essex on the Transport East panel, who has acknowledged. What chance there is of achieving anything now will depend on how much the new national railway takes any interest in improving neglected services.
